## Seminar on Anti-Human Trafficking Awareness

The National Commission for Women in collaboration with Bureau of Police Research and Development (BPR&D) organized a one-day Seminar on Anti Human Trafficking Awareness. The one-day awareness session discussed introduction, concept, patterns and existing response systems of human trafficking and the psycho-sociological impact of trafficking as well as the role of Civil Society Organizations in its prevention. The Seminar was divided into four Technical Sessions; 'Introduction: Concept, Patterns and Existing Response Systems of Human Trafficking', 'Different Dimensions of Human Trafficking', 'Psycho Sociological Impact of Trafficking' and 'Role of NGOs in Rescue, Post Rescue Care and Rehabilitation'.

The Technical Sessions were followed by a detailed Open House discussion and the Resource Persons suggested the way forward for combating human trafficking. Some of the important suggestions made by the experts were that - every State Commission for Women must have an Anti-Human Trafficking Cell of its own, a Template/SOP for all the organizations to follow in cases of human trafficking, joint training of all the stakeholders, setting up Anti-Human Trafficking Clubs in colleges and educational institutes. Provisions available in legal system including schemes and compensation should be known to everyone in the panchayat level, among other suggestions.

NCW established an Anti-Human Trafficking Cell (AHTC) on 2nd April, 2022 to improve effectiveness in tackling cases of human trafficking, raising awareness among women and girls, capacity building and training of Anti Trafficking Units and to strengthen & sensitize law enforcement machineries.
